RE:Docket 99P-0033/CP 1

Dear Dr. Henney:

I was absolutely shocked to learn the dead animals are being fed to other animals.

I cannot believe that the FDA has approved the feeding of dead pigs, horses , and other animals to other farm animals.

I cannot believe that you are allowing cows to eat other dead animals. This is absolutely inhumane.

Cows are herbivores and not carnivores!

Feeding them other dead animals should be stopped immediately.

I am sure that you will be against this practice of feeding them animals.

Please act on the Humane Farming Association petition to end this barbaric practice.

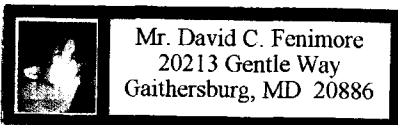

Sincerely,

David C. Fenimore
